

PREFACE

This parts book is drawn based on real objects of the CDM64855H hydraulic excavator, detailing in illustrations all parts (including standard parts, accessories and optional parts) fitted with CDM6485H hydraulic excavator. Model and nameplate of the hydraulic excavator are marked in the noticeable place. Consumers, who are purchasing spare parts, may clearly mark, in the order, model and serial number of purchased excavator, and code, name and quantity of required parts.

With performance of hydraulic excavator increasingly improving and product design level rising, our company will better quality of some parts without further notice. Please contact dealers for any inquiries. Your attention will be appreciated.

For undetachable parts (weld assembly and riveted parts etc.) listed in this catalog, only part numbers are marked; for some of bought-in components, only structure diagrams are provided. Please note that bought-in components and their structures may have some differences.

This is the first issued version. We will appreciate corrections and editing suggestions from experts or readers may point out and correct our editing errors.

All rights reserved, unauthorized duplication and publish are a violation of applicable laws.
